

NICE TALK DOES NOT CHEER FANS

Old Heads Refuse To Enthuse Over Coach Hutchins' Cheerful Predictions Regarding Wisconsin's Football Season.

VETERAN PLAYERS DISQUALIFIED

For The Time Being By Scholastic Deficiencies--Bodes Ill For Minnesota Game--Hutchins, Himself, Will Direct Preparations.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Sept. 5.—The objective of the training of the University of Wisconsin football team this season will be the big game with the University of Minnesota, to be played in Madison on November 23. Four games will be played before this climax, but they will be considered as preliminary to the premier contest. The training season will open at Madison three weeks hence, for Dr. C. P. Hutchins declares that the letter of the intercollegiate law will be observed and no formal training will be done prior to the actual opening of the university, September 28. However, it is known that a score of prospective leading candidates for the Badger team have been either working on farms or doing other hard physical work during the summer, so as to keep them in good condition and easily calculated to get down to hard gridiron work without great hazard of injury. The first game of the Wisconsin schedule is that with the University of Illinois, to be played at Madison on October 26, just four weeks after the beginning of training. A week later, November 3, Wisconsin plays Iowa at Iowa City, and on the following Saturday, November 9, the Badgers meet Indiana at Madison. Then Purdue will be played at Lafayette, Ind., on November 16, and the final game of the season, the gopher game, will come a week later.
Dr. Hutchins, professor of athletics and coach of the football team, returned this week from a summer at his old home in New York and made two statements of significance. He declared that the report that he was to relinquish the coaching of the eleven to some gridiron star was absolutely untrue, as such a thing would be contrary to the intercollegiate agreement, which provides that the coaching shall be done by faculty members unless some voluntary assistance is rendered by alumni. This statement was followed by the announcement that several members of last year's eleven, who were expected to be on the 1907 team, were under scholastic deficiencies and would not play on the gridiron until they had reestablished themselves fully in their class work. These two statements caused gloom to settle down over the Badger prospect notwithstanding other remarks of the coach more hopeful in character, to the effect that the outlook for an undefeated eleven is bright.
"We have good material available," said Dr. Hutchins, "and we may reasonably expect to complete the season with an unbeaten team, as we did last year. If the veterans do not get their conditions worked off we have good men from the strong freshman squad of last year to put in their places. Veterans are not infrequently over-estimated in football, and I place great reliance upon the young fellows who go into the varsity game for the first time. If they have football sense, they make up in ginger for the lack of experience in big games."
People who have followed the gridiron game for a generation smile at such talk. They declare that the men who have gone up against heavy championship teams are the ones to be depended upon, and while the language of the Badger professor-coach is nice sounding and calculated to please the faculty members who have it in for football, the idea will not prove sound when applied to the Minnesota game, if disaster be not met even earlier than that. Quite naturally the gossip is hopeful here, as it always is at the beginning of the season, but the old heads are not enthusiastic and unless more substantial evidence of strength is offered in the early part of the season than the preliminary talk of the coach, Minnesota will be an overwhelming favorite.

ADMIRAL EVANS' FLEET TO CIRCLE THE GLOBE

New York Times Has Information Today That Voyage To Philippines Is To Follow Mobilization On Pacific Coast.

[BY ASSOCIATED PRESS.]
New York, Sept. 5.—Some interesting information bearing on the dispatch of Admiral Evans' battleship fleet to the Pacific is published in the Times today and is credited to a high authority.
The administration, it is stated, does not mean to confine the fleet's movement to the Pacific coast. The President's plan is to send the warships on to Hawaii and then to the Philippines after their visit to California ports. When orders are issued for their return the route designated will be via the Suez canal. Thus the fleet will circle the globe.
It is further learned that in the meantime the Atlantic coast will not be left unprotected, but that at the instance of President Roosevelt the navy department has already begun to plan the mobilization of another fleet to replace that under Admiral Evans.
The flagship of the new fleet will be the New Hampshire, a 16,000-ton battleship which is to be ready for commission early in January. As soon as possible she is to be joined by the Mississippi and the Idaho, two first class battleships 13,000 tons each, now under construction by the Cramp and Northing companies. These three powerful vessels will have as escorts three veterans of the

U. S. SENATOR PAID HIS FATHER'S DEBTS

Virginia Senator Assumed \$100,000 Obligations Upon Death of Father and Paid Them by Being Frugal.
[SPECIAL TO THE GAZETTE.]
Lynchburg, Va., Sept. 5.—Senator John W. Daniel, whom a host of Southern Democrats would like to see nominated for the presidency next year, was sixty-five years old today and was reminded of the fact by receiving numerous congratulations from his fellow townsmen and from friends and admirers in all sections of the country. Senator Daniel was born in Lynchburg and has always made his home here.
It is now nearly forty years since Senator Daniel began his political career as a member of the Virginia house. In 1881 he was defeated as democratic candidate for governor by W. B. Cameron, and returned to law practice. He went to congress in 1888, and the following year succeeded General Mahone in the United States senate.
There is one interesting chapter in the life of Senator Daniel with which the general public is not familiar. His father was Judge William Daniel of Lynchburg, a man of prominence and wealth. Although his fortune was considerably impaired by the war, he still had a lucrative practice, and during the ten years which succeeded he was among those who fostered the great commercial development of the country, and interested himself in numerous speculative enterprises. But he was sanguine to the point of being visionary. Every thing seemed to him promising, and it was his habit first to subscribe to \$10,000 worth of stock and then to ask what was the nature of the enterprise.
In 1872, when he died, it was found that his estate was hopelessly insolvent. There were claims by creditors over and above the assets amounting to more than \$100,000. These claims the son John assumed. He had been practicing law in his father's office, but there was no obligation on him of a moral or legal character. The schemes and speculations had been entered into without his knowledge or advice. The bankruptcy law afforded a wide door for escape. He could have wiped the slate clean and started the world anew. But he chose otherwise. To him it seemed that the only honorable course was to pay his father's debts in full and with interest. It took all the earnings of his life to do it. Accordingly he paid the creditors of his father's estate and began upon the herculean task.
That was nearly thirty-five years ago, and during almost the entire time that has elapsed since then Senator Daniel has paid over the greater part of his income to his father's creditors. He has lived on less than \$2,000 a year. When in Washington he has lived at the cheaper hotels, and although crippled and dependent on crutches he hardly knows what it is to ride in a cab. But at sixty-five years of age he has the satisfaction of knowing that he has discharged his father's old obligations in full.

DEDICATE MEMORIAL SHAFT TO PRESIDENT M'KINLEY

Buffalo Pays Tribute To President Who Was Assassinated There Six Years Ago Tomorrow.

[SPECIAL TO THE GAZETTE.]
Buffalo, N. Y., Sept. 5.—As the crowning feature of the Old Home Week celebration Buffalo today dedicated a handsome monument erected in honor of President William McKinley, who fell a victim to the assassin's bullet while holding a public reception at the Pan-American Exposition here six years ago tomorrow.
The dedication was one of the most brilliant affairs of its kind ever seen here and attracted thousands of visitors from all over Western New York and many from across the Canadian line. Governor Hughes was the central figure of the ceremonies and the principal speaker. The dedication was presided by a big military parade in which the Grand Army veterans, veterans of the Spanish war and numerous other military and semi-military organizations took part.
The monument occupies a commanding site in Niagara Square, opposite the home in which lived and died President William McKinley. The monument is of Vermont marble and consists of a shaft with sculptured lions at the base. The total height is 43 feet, the height of the base being 24 feet. The cost of the memorial exceeds \$100,000 and was supplied from the unexpended balance of the New York State appropriation for the Pan-American Exposition held here in 1901. The architects of the monument were Carraro & Hastings of New York City, and the lions were sculptured by A. Plunkett Proctor, also of New York.

BANK-WRECKER HARPER IS IN THE LIMELIGHT

Man Who Failed For Millions Years Ago Is Chief Figure In Collapse Of Union Iron And Steel Works.

[BY ASSOCIATED PRESS.]
New York, Sept. 5.—When the announcement was made yesterday that a receiver had been appointed for the Union Iron & Steel company with offices in this city, friends who recalled the remarkable financial career of Edward L. Harper said the failure would not be a death blow to his hopes, that he would yet pay off every dollar of his \$5,000,000 indebtedness.
The company was the offshoot of a \$50,000,000 enterprise which Mr. Harper organized several years ago and chief interest in the announcement of its failure centered in the fact that the concern was under the management of Mr. Harper, who had failed for millions years ago after a disastrous speculation in wheat.
Harper carried down the Fidelity National bank of Cincinnati, of which he was president with whose funds he was charged with using in his wheat corner. He was sentenced to ten years in prison, and after serving six years was released.
"Was a 'Mere Trifle'"
After engaging in several enterprises in Cincinnati and in the south after his release from prison, Harper's presence in New York attracted attention in 1905 by the fact that judgments amounting to \$5,280,833 were entered against him. He took the matter philosophically and only last year, after unsuccessfully seeking relief from a portion of this enormous burden of debt, said it was a mere trifle to him and that he felt confident of paying it all off in a few years, with the profits from his undertakings.
Proceedings Yesterday
Bristol, Va., Sept. 5.—Judge A. K. Hixon of the United States court here Wednesday appointed Col. L. O. Pettit of Big Stone Gap receiver of the Union Iron and Steel corporation of New York, owning furnaces in Virginia, Ohio, Michigan and New Jersey.
The receiver was appointed on petition of the Norton Coal company, of Norton, Va., and no statement of assets and liabilities is obtainable at this time, owing to the fact that efforts are being made to adjust the claim. For this reason other creditors have not joined in the petition.
Organized by Cincinnati Man.
The Union Iron and Steel corporation is an offshoot of the Union Steel and Chain corporation—the latter a \$50,000,000 concern—organized several years ago by Edward L. Harper, formerly of Cincinnati.
It is reported that the receivership is a plan of the creditors of E. L. Harper to uncover his assets. Obligations aggregating several million dollars are held by Cincinnati and Chicago bankers against Harper, as a result of the failure of the Fidelity bank of Cincinnati about 20 years ago. Harper, it was alleged, wrecked this institution in an attempt to corner the wheat market. For this he was sentenced to eight years in the Ohio penitentiary and shortly after his release he merged a number of furnaces and steel plants into the Union Steel and Chain company, of which he has since been president, and of which the Union Iron and Steel company is subsidiary.
Failed to Go Into Bankruptcy.
About 18 months ago Harper filed a voluntary petition in bankruptcy in the United States court here, but his right to release from the old obligations was successfully contested by his creditors, headed by the banking firm of Erwin Green & Co., of Chicago. In the hearing before the referee he contended that he was insolvent, though he failed to establish his insolvency, and was not discharged. The hearing disclosed the fact that he was receiving a large salary as president of the steel and iron corporations.
Edward L. Harper, Jr., general manager of the company, has made formal transfer of the business to the receiver and the furnaces and mines are still in operation. President Harper is said to be hurrying to Virginia with a view to adjusting the matter and securing the discharge of the receiver. The temporary financial embarrassment of the corporation is said to be partly attributed to the death of Treasurer Holmes, which occurred in New York last week.

FORMER SCIENTIST REPUDIATED FAITH

[BY ASSOCIATED PRESS.]
New York, Sept. 5.—Clarence A. Byrne, a self-styled healer who was released from prison last Saturday after having allowed his six-year-old daughter, Violet, to die without medical attention, publicly repudiated the Christian Science faith last night during a testimonial meeting in a church devoted to the creed. Byrne in his address said that while he was suffering under the cross of punishment for the faith that he had held, at a time when he most needed comfort, the members of the church had disowned him and had denied that he was a member of their creed.
Byrne came from Kansas City a year ago.

An old peasant, carrying a cane, attempted to approach the emperor for the purpose of presenting a petition, which led to some confusion and the circulation of the rumor that an attempt had been made on the life of his majesty.
Private information on the subject corroborates the official statement that no attempt was made to assassinate the emperor.

(Special to the Gazette.)
Janesville, Wis., Sept. 5.—All roads
lead to Evansville and on to the fair
grounds today and the attendance at
the county fair both morning and af-
ternoon was the largest on record. The
feature of this morning's entertain-
ment was a close and exciting ball
game between the Evansville city
team and Milton Crocettos. The
Crocettos were victorious by a score
of 3 and 2. The contest was full of
sensational playing and Davis, the Ev-
ansville twirler, secured eleven strikes
out. Davis was caught by R. Houghton
and S. Alkin and Robinson
formed the Milton battery. Evans-
ville had a total of five hits and two
errors and Milton five hits and two
errors. Houghton, Crocettos of to-
day will play the winners of yester-
day, the Evansville White Sox.
Another top-line number on the Fri-
day program is a baby show to be
held at ten o'clock. There will be
two classes, one for babies less than
a year old and the other for children
between one and three years. First
and second prizes of \$3 and \$2 have
been offered for each class.

Robert F. Shields.
There has come to the Gazette's
editorial desk a belated copy of the
Hubbard County Enterprise of Park
Rapids, Minn., dated August 15, giv-
ing an account of the death from heart
failure on Sunday Aug. 11, of Robert
P. Shields, who formerly resided with
his parents on a farm near Janesville.
He was born at Toga, Pa.,
June 2, 1845, and came to Wisconsin
with his parents two years later. At
the age of 17 he enlisted with the 12th
Wisconsin Battery for service in the
Civil War joining his company at
Vicksburg, Tenn., and moving with it
under the command of "Black Jack"
Logan to Lookout Mountain, where,
according to his biographer, he first
smelled powder burned in anger. He
afterwards joined Sherman in the
march to the sea and was in the bat-
tle of Roanoke. Later, Kenesaw
Mountains, the Shanty, Altamaha,
the Siege of Savannah, and the taking of
Columbia, Fayetteville, and Benton-
ville, North Carolina. He was twice
wounded, once at Altamaha, and a sec-
ond time at Bentonville, where he lost
a leg. He was married to Miss Marg-
aret Downing in 1866 and opened a store
in Plainville, Ill., the same year, con-
ducting the same until 1880 when he
moved to Minnesota. After farming
there, two years he opened the plan-
tation store at Shell Prairie, Hubbard
county, served as the first sheriff, the
first president of the village council,
and postmaster under Cleveland's
first administration. His wife died in
1891 and he was subsequently re-mar-
ried. His widow and three children
were the first wife—Mrs. Harry Crav-
en of Park Rapids, Minn., and Mrs.
William Edwards and Mrs. George Ed-
wards who reside in the far west—
survive him; also three brothers and
a sister, Mrs. Henry Kayser of Wis-
consin Park, Janesville. The funeral
will be held under G. A. R. and I. O. O.

THROWN FROM RIG

IN STONE QUARRY

Mrs. Charles Hohmann and Daughter
Narrowly Escape Death in Wild
Runaway Yesterday Afternoon.

Late yesterday afternoon in a run-
away accident on Grand avenue, where
the street runs through the old Mill-
more stone quarry in Monterey, Mrs.
Charles Hohmann and daughter of
about twelve years were pitched from
a rig against rough, jagged stones and
rendered unconscious but not serious-
ly hurt. The horse had come down
the Grand avenue hill at full speed
and attempted to turn onto Center
avenue. The vehicle tipped and the
occupants slid out. Spectators, among
whom was Mayor S. H. Heddies, say
that had the two been thrown instead
of shoved out nothing could have pre-
vented instant death to one or both.
Both were dazed and it was thought
by those who picked them up that
Mrs. Hohmann was dead. The Rus-
sell ambulance was hurriedly called
and Dr. G. G. Chittenden summoned.
The physician found no injuries
other than bruises and abrasions from
which recovery will soon be complete.
Mrs. Hohmann and the child were
taken to their home a few blocks
away.

ONE-TIME RESIDENT

OF BELOIT IS RICH

Dorr E. Felt, inventor of the Com-

For the first time since he left that

years ago, Dor E. Felt, inventor of the
Compometer and the Compog-
raph—calculating machines now in
use in most of the large cities of
the United States and many foreign coun-

Sunday and Monday. Mr.
Felt is now a very wealthy man—
some say he is worth a million—and
his firm operates two large factories
in the Illinois metropolis. His fam-
ily lived on the E. Birch farm west of
Beloit a quarter of a century ago and
the town youth did his first work as a
machinist in the old Bellows wind-

MADISON GOLFERS

COMING TOMORROW

Team of from Fifteen to Twenty Will
Play Return Match with Janesville
at Sunnyside Links.
Between fifteen and twenty golf-
ers of the Maple Bluff Club of
Madison are expected to arrive in
Janesville early tomorrow morning
for the return journey at the local
links. That the team representing the
Sunnyside club will redeem its
defeat 25 up at Madison on August
23, goes without question. The score,
however, will not be as large, as the
Nassau system—used for the first
time in the contest with Rockford—
will again be pressed into service.
Under this system no player can win
more than three points. Frank W.
Jacobs, the state champion, whom Al
Schaller defeated in the first tourna-
ment, one up, is expected to be with
the visiting delegation and will un-
doubtedly make a heroic effort to re-
trieve his lost laurels.

the afternoon session on "How Should a
Young Company Grow?" and E. P.

MILWAUKEE'S MAYOR

ADDRESSES FARMERS

And Merchants of Rock County, Call-
ing Their Attention to Good Roads
Convention at State Fair.
Mayor Becker of Milwaukee in a
communication received at this office
calls particular attention to the con-
vention to be held during state fair
week for the purpose of forming a
Farmers' State Good Roads' associa-
tion, and extends a personal invita-
tion to those interested in the work
to visit him at his office in the city
hall. The text of the message is as
follows:
To the Farmers and to the Merchants
of Rock County:
The Wisconsin State Fair will be
held on Sept. 9 to 12 at Milwaukee.
Efforts have been made this year to
provide unusual features which will
insure a greater attendance of the
fair than that of any previous year.
Thousands of dollars have been spent
upon new buildings and improvements
upon the grounds.
In addition to the largest entry list
in the history of the annual state fair,
there will be a convention of farmers
from all parts of the state in forma
Farmers' State Good Roads associa-
tion. This association will encourage
the good roads movement in Wiscon-
sin and it is hoped that the associa-
tion will begin with a membership of
7,000 farmers. This association will
bring the farmers, railroad men and
business men of the state into one or-
ganization equally to distribute the
cost of road construction and mainte-
nance in the state. The necessity of a
good roads association is apparent to
all. Prominent speakers will be pre-
sent and a good program has been
provided.
I urge that every farmer and busi-
ness man who has not heard the best in-
terests of his community will make an
effort to attend the fair on Sept. 12
when the Farmers' Good Roads associa-
tion will be formed. I also extend
to all farmers of the state a personal
invitation to visit me at my office
in the city hall during their visit to
Milwaukee.
I assure all those who attend this
meeting at Milwaukee of a hearty wel-
come and I shall do all in my power
to make your visit pleasant and
profitable. (Signed)
SHERBURN M. BECKER,
Mayor of Milwaukee.

THE FORESTS

Ignore it as we may, the fact re-
mains that, in a vital sense, the fu-
ture of New England and the south
largely depends upon the saving of
the forests upon the White and South-
ern Appalachian mountains. To de-
stroy these forests is to destroy the
very foundations upon which must be
built the future of these sections.

If any outside New England and
the south feel indifferent they should
recall that in the Southern Appalachi-
an mountains is found our last re-
maining important stand of hard
woods. The destruction of these must
affect the well being of the entire
United States. Even were this not
true, the menace threatening the two
sections named should impress every
informed and patriotic American citi-
zen. If any there be whose patriot-
ism is confined to regard for his own
section let him remember the words
of Climon of Athens. Sparta, in the
throes of a servile revolt, called upon
Athens for help. Fearing the rivalry
of Sparta, Pericles and Ephialtes ad-
vised that a deaf ear be turned to
the call. But in words over to be
remembered Climon, rising from local
to national patriotism, exclaimed:
"Let not Greece be lamed and Ath-
ens robbed of her yoke-fellow."

That Sparta proved ungrateful boots
nothing in the present case. Happily
for America, sectional rivalry within
her boundaries is past. No section
of this republic need grudge or fear
the progress and prosperity either of
New England or of the south. The
welfare of these sections is the wel-
fare of our whole nation. As Paul
well said, "We are all members one
of another;" and if one member suf-
fer, all the other members must in-
evitably suffer with it. Do any imag-
ine that the reclamation of western
deserts will give advantage merely to
the occupants of those regions? Does
any one doubt, on the other hand,
that such a work will infuse new
life and add new vigor and power to
our whole nation? Conversely, can
any one doubt that the decay and
ruin of any important section of our
common country must infallibly weak-
en that country as a whole?

THE REPUBLICAN SHIP

Speaker Cannon speaks by the card,
and with a keen appreciation of politi-
cal conditions, when he says that if
congress does not act wisely at the
next session there will not be much
need for the election of delegates to
the next republican national conven-
tion. The republican party must move
carefully lest it be grounded on the
sands of financial despotism, or be
swept into the torrent of radical so-
cialistic agitation, destructive of finan-
cial rights and confidence.

Either way means shipwreck.

Rock county is forging ahead in the

question of good roads. The towns
of Bradford and Harmony are next to
fall in line with Clinton and Beloit
townships. Is it not time for Janes-
ville to begin operations in the good
road movement?

The telegraph strike may hold out

for some days yet, but just the same
the strikers will lose in the end. It
is against public morals to delay the
business of the world and the tele-
graph companies deserve great credit
for the stand they have taken and
the manner they have kept commu-

nication open.

There is no reason why Janesville

should not boom.

Now, if he can do this for Mr. Duenow,

He can!

All you have to do is to choose him to do your Dentistry. People come from all our surrounding towns to Janesville.

Some from as far as Shullsburg, "To get the Painless services of Dr. Richards."

Therefore it's up to us to make good.

That's our strongest point.

We can always make good.

Read the following letter from one of our graduates who tells us he is getting \$77.75 a month in only nine months from the day he joined our school. He has a brother working for the same road who is doing even better.

ASK LENIENCY

HENRY MICKA GIVEN LIGHTEST SENTENCE POSSIBLE.

ONE YEAR IN REFORMATORY

His Pilfering of St. Paul Depot Till Considered Youthful Weakness Rather Than Crime.

With representatives of the defense, the State and the U. S. & St. P. railway company, in whose behalf the case was presented, asking for leniency, Judge Field this morning meted out the lightest possible sentence to Henry Micka, the young man who confessed to burglarizing the St. Paul ticket office Friday noon and to have subsequently touched the till for two months previous. The punishment will be one year in the state reformatory at Green Bay, the court room being very well known owing to his connections with the Imperial band and Myers theatre orchestra.

Reparation Made to Railway. Speaking in behalf of the prisoner, Attorney John Cunningham stated that reparation had been made to the railway company; that Micka had returned as much of the money as he possibly could and that the balance had been paid by his mother, who assumed the responsibility for the loss from the young man's father-in-law; that she earns her living by manual labor and has raised a family of five children by the same means. "The wife, the mother, and wife's family," continued Mr. Cunningham, "all say that young Micka is a faithful and affectionate husband. Mr. Cunningham looked upon the offense rather as a youthful weakness than a crime and believed that the offender had already 'learned his lesson' and that extreme leniency would meet the demands of justice."

Railroad Asked for Clemency. Attorney Thomas S. Nolan, appearing as legal representative of the St. Paul road and also speaking for W. H. Casey, chief of the company's detectives, recommended clemency. He said the company would be satisfied if the court should see fit to make the punishment as light as possible under the law. The judge, when later referring to the appeals for leniency, said that District Attorney Fisher also believed young Micka to be misguided rather than criminal and requested the court to pass judgment from such a standpoint.

Prisoner Not Yet Nineteen. In questioning the prisoner the court brought out the facts that Micka would not be nineteen years of age until December 6, and that though he went to the reform school at Waukesha nine years ago for a two and a half year term, it was at the request of the mother and not on conviction. Before pronouncing the sentence the court said in brief: "The lawless acts you have committed have been at different times and I judge that they were planned; the offenses deserve fairly severe punishment, but sentences are imposed not only for punishment but for reformation; the question of reformation includes future protection of the community and your own return to normal life. Though the sentence I am about to give you is lighter than I had thought of meting out it may be sufficient; it is given because the state and the company you have wronged recommend it, and because your imprisonment punishes not only you but your mother, wife, and other members of the family. In the future when tempted I hope you will remember your family and the fact that second convictions always bring more severe punishments."

FIRE DEPARTMENT CALLED OUT FOR BLAZE ON ROOF

Shingles Caught Fire From Sparks and Department Answered Still Alarm.

No Damage Done. Smoke rising from the roof in the rear of the building occupied by the Janesville Steam Dye Works on East Milwaukee street, was proclamation for a still alarm sent in this afternoon at 3 o'clock, the small blaze being extinguished with a chemical machine. It is supposed that the shingles of the roof caught fire from sparks coming from the chimney of the dye works. No damage was done.

Exact Fine Residence.

Dr. Nizam is to erect a handsome new residence at the corner of Jackson street and Milwaukee avenue. The cost will be about \$5,000. The present barn and outbuildings have been razed and the old house is to be moved away. The new residence will be modern in every particular. A commodious barn is also planned for. The work of these buildings has been awarded to Van Pelt Bros. contractors, No. 13 N. Franklin St.

MAY PROVE FATAL

When Will Janesville People Learn the Importance of It?

Backache is only a simple thing at first;

But when you know 'tis from the kidneys;

That serious kidney troubles follow;

That diabetes, Bright's disease may be the fatal end.

You will gladly profit by the following experience.

'Tis the statement of a Janesville citizen.

Mrs. W. Johnson of 127 Pearl St., Janesville, Wis., says:

"For a long time I had severe pains in my back that must have been due to some disorder of the kidneys. It was almost constant aching and misery in the small of my back and became so severe at times that I was almost prostrated. Numerous remedies that I tried failed to help me and finally I began using Doan's Kidney Pills which I had seen highly recommended by local people, procured at the People's Drug company. After taking this remedy for a short time I found a complete cure, and the trouble has not returned."

BONAPARTE TELLS OF ALTON DELAY

EXPLAINS WHY PROCEEDINGS WERE POSTPONED BY SIMS.

NEW FACTS DISCOVERED

Department of Justice Had Ordered Immunity Pledge Fulfilled and Doesn't Yet Know What Its Attorney Learned.

Lenox, Mass., Sept. 5.—Attorney General Charles J. Bonaparte Wednesday issued a statement regarding the Standard Oil case in the Illinois court. The attorney general's statement is as follows:

"On August 14 Judge Landis asked, in substance, that the department of justice consider portions of the transcript of testimony in the case of the United States against the Standard Oil company of Indiana in order to determine whether the Chicago & Alton Railroad company, its officers and employees, were entitled to the benefits of an agreement assuring it and them of immunity against criminal prosecution in connection with the granting of certain rebates to the Standard Oil company."

"The department, in compliance with the desire of Judge Landis, examined the above mentioned records and carefully investigated the entire subject, and as a result of such investigation the attorney general on August 29 wrote Edwin W. Sims, United States attorney at Chicago, informing him in substance that the agreement was shown to have been made in June or July, 1906, by C. H. Morrison, Mr. Sims' predecessor in office; that Mr. Morrison's action appears to have been duly authorized at the time by the department; that in the opinion of the department the arrangement had greatly facilitated the indictment and conviction of the Standard Oil company, and that while certain portions of the evidence might be fairly open to unfavorable comment, the department regarded the government as bound in good faith and also as a matter of public policy, to give effect to the agreement."

"Mr. Sims was instructed to read this letter when the grand jury reconvened on September 3, and to take such further action to the foregoing end as might seem to the court and to himself appropriate in the premises."

Sims Heard of New Facts.

"The department learns that Mr. Sims did not comply with these instructions by reason of his having called to his attention very recently certain new, and, in his judgment, material facts, which he thought should be submitted to the department for its further consideration before its conclusions should be finally announced. For this purpose, he asked and was granted by the court a delay of three weeks."

"The department is not as yet advised as to what are the facts thus ascertained by Mr. Sims. It has great confidence in his sound judgment and devotion to duty and it awaits his report before taking further action in the premises. Inasmuch, however, as the circumstances of the case may be liable to misconception, it is deemed proper to submit now the present statement to the public."

BORAH INDICTMENT SERVED.

Senator and Others Are Accused of Timber Land Frauds.

Boise, Idaho, Sept. 5.—An indictment returned last April by the federal grand jury against Senator William E. Borah and other prominent men, charging conspiracy to defraud the United States government, was served on the defendants Wednesday.

Deeds Borah, the indictment includes Frank Martin, attorney general of Idaho under Gov. Steunenberg's administration; J. T. Barber and Sumner G. Moon, millionaire stockholders of the Barber Lumber company, residing in Wisconsin; J. L. Wells, P. H. Downs, John Kneidel, L. M. Pritchard, William Sweet, Albert M. Palmer and H. S. Rand.

The indictment charges that these persons entered into unlawful conspiracy in September, 1901, and various other times to secure by fraudulent entry timber lands in Boise county, Idaho.

PANIC IN KANKAKEE THEATRE.

Moving Picture Film Catches Fire and Terror Results.

Kankakee, Ill., Sept. 5.—The audience in the Bijou theater was thrown into a panic here Wednesday night when the film of a moving picture machine in a room back of the stage caught fire. There were 1,000 persons in the audience at the time. Some one shouted "fire" and everybody made a rush for the exits. There were a number of women and children in the theater, and despite the efforts of the ushers and other attaches of the playhouse to restore order, the audience became panic-stricken and many persons were knocked down by the excited efforts to reach the street.

BITTER LABOR WAR COMING

LOUISVILLE TO HAVE ANOTHER STREET CAR STRIKE.

Employees Are Expected to Quit Friday Morning and Serious Riots May Result.

Louisville, Ky., Sept. 5.—Unless something like a miracle is brought forth, Friday morning, September 6, will witness the inauguration of one of the bitterest labor struggles in the history of Louisville.

The ill feeling between the Louisville Railway company and its employees, which was aggravated rather than settled by the strike of three months ago, will find vent in a contest which promises to be fiercer than the riotous one of last April. A committee representing the union will confer with the company officials Thursday morning and that night the men will hold an all-night meeting to vote on the report. Neither side offers any hope whatever of a compromise and each is preparing for a test of strength.

The citizens' committee which forced a settlement of the last strike made a final effort Wednesday, but nothing resulted therefrom. It is considered a certainty that the men will strike Friday morning at six o'clock and the company will immediately attempt the operation of its cars with nearly a thousand strike-breakers. A similar attempt last April with a much smaller force resulted in a number of riots. The city and county officials, however, declare that any disorder will be put down, regardless of the cost.

FLAMES OUST FIFTY FAMILIES.

Normandie Hotel in Columbus Guttered by Suspicious Fire.

Columbus, O., Sept. 5.—Fire which it is thought was of incendiary origin Wednesday evening gutted the Normandie hotel, occupied by 50 families. All the occupants made their escape, although many got out only by the narrowest margin. Within a week there had been two mysterious and suspicious fires in the hotel and when the alarm sounded again Wednesday the people rushed for the stairways and fire escapes, although many were surprised while dressing. Several heroic rescues were made. The loss is \$200,000 on building and contents and the insurance is only partial. The building was owned by the William Montgomery estate.

The Dog.

Why any sane person should wish to nurse any animal at meat times it is difficult to see; and when that animal is a dog, the matter fairly passes comprehension. With all his good qualities, the friend of man has a most disgusting habit of eating for food whatever he sees it, and as a table companion he is decidedly objectionable.

KING OF ANNAM ABDICATES.

His Eight-Year-Old Son Rules With Aid of Regency.

Paris, Sept. 5.—A dispatch received here from the governor general of Indo-China declares that Thanh Thai, the deposed king of Annam, has abdicated in favor of his eight-year-old son, who now rules Annam with the aid of the regency, consisting of the council of ministers.

Thanh Thai was deposed by the French resident of Annam and interned in his palace at Hue, July 30, last. This step on the part of the French authorities was taken only after a long series of atrocities committed by the king had made it impossible for him longer to remain on the throne.

Will of John M. Stowell.

Milwaukee, Sept. 5.—Former Mayor John M. Stowell's will which was filed for probate Wednesday leaves an estate estimated at half a million dollars, the bulk of which is left to his family and relatives. Under a will, legacies of \$1,000 will be received by the Milwaukee Protestant orphan asylum, the Swedenborg Printing and Publishing company, New York city; the Swedenborg Publishing association, Germantown, Pa., and the American New Church Text and Publishing society, Philadelphia.

Big Fire in Spokane, Ind.

Fort Wayne, Ind., Sept. 5.—A fire caused by an explosion of dynamite broke out at 11 o'clock Wednesday night in the W. O. Sweeney hardware store at Topoka, Lagrange county, and practically the entire business section of the town was wiped out. Topoka is 20 miles north of Fort Wayne.

Aeronaut's Narrow Escape.

Lynn, Mass., Sept. 5.—Enveloped in a dense fog which chilled him to the bone and prevented all attempts at self preservation, John J. Mahoney, a Boston aeronaut, was thrown into the sea by his balloon, two miles off Nahant's beach, Swampscott, Wednesday night and for more than an hour was swept back and forth in the water until his cries were heard by life-savers and fishermen who went to his rescue.

Five Miles of Trolley Wire Stolen.

Milwaukee, Sept. 5.—Milwaukee & Northern railway officials Wednesday reported to the Milwaukee police that 25,000 feet of trolley wire, covering five miles of roadway between Milwaukee and Cedarburg, had been cut down and carried away by thieves. The property is valued at \$3,000, and in addition, the company is put to additional expense in replacing the wire.
